

Seamless Financial Flow

Automate all your payments with
the **Relay & Turvo integration**

RelayDirect integration with Turvo streamlines payment workflows, allowing for swift and secure transactions from load delivery to payment completion.

Turvo's cloud-powered TMS system enhances efficiency by providing end-to-end communication and analytics solutions, while RelayDirect ensures smooth payment execution for carriers and factoring companies.

RELAYDIRECT

- Instantly and securely pay carriers while enjoying the flexibility to set customized payment terms, maximizing revenue through Quickpay
- Simplify the process of managing carriers and payee information on one intuitive platform, fostering efficiency and ease in financial operations
- Increase loyalty among preferred carriers by providing seamless and timely payments
- Utilize an easy-to-navigate platform for payment verification and acceptance, creating transparency and visibility in managing payments, paperwork, and overall OTR expenses
