

Relay integrates with Vusion!

Benefits of the Relay + Vusion IFTA fuel tax integration:

- Time saving, daily download of your Relay fuel transactions
- Eliminates manual data entry by importing your fuel transaction information into Vusion
- Once imported, you can run your monthly and quarterly IFTA fuel tax report

When you fuel with Relay you can:

- Reduce fraud with strict controls, monitoring, and innovative geofencing technology
- Take advantage of Relay's Clutch Program for discounted fuel, and use any existing discounts you directly negotiated with merchants
- Allow drivers to conveniently locate on-route truck stops and discounts from Relay's app
- Instantly enable digital payments across your fleet without lengthy activations
